PROFILE

I'm Renzo, a Systems Engineer. My technical profile combines Odoo development and consulting (v13 to v20, Python) with modern Full Stack Web applications (Next.js, Astro) and AI integrations (LLMs, RAG, MCP). I design scalable solutions ranging from ERP process automation to high-performance digital interfaces. Proactive, detail-oriented and communicative, I bring an analytical mindset, deployments (Docker/Linux/AWS) and clean code to teams in the United States, Spain and Argentina. Experienced as Project Manager and Team Leader; currently Head of IT at a leading bathroom furniture manufacturer in Argentina. English C1.

WORK EXPERIENCE

Head of IT - Schneider SRL **Jun 2026 - Present**

- Lead IT and the Odoo ERP for 80 users, with custom Python developments that cut vendor dependence.
- Automated cost calculation, sales, production, purchasing and admin workflows, including AI automations that save operational hours and prevent lost opportunities.
- Manage AWS, PostgreSQL, Docker and Linux infrastructure, leadership dashboards, and user training.

Odoo/ERP + AI Lead - Banwood **Feb 2026 - Present**

- End-to-end management of the Odoo ERP.
- AI integration applied to business processes.
- Shopify, TiendaNube, Anthropic, TypeSafe and Salesforce integrations.
- MCP, LLM, RAG, LangGraph, vector databases (pgvector) and embeddings.

Co-Founder - Dakodev **Jan 2024 - Present**

- Tech innovation company serving clients in the US, Spain, Pakistan and Argentina.
- End-to-end Odoo, custom software, automation, AI and web development (Next.js, Astro, PostgreSQL).

Sr. Odoo Developer / AI Tooling Lead - Odoo Concept **Feb 2026 - Aug 2026**

- Led Claude Code adoption and AI-assisted development standards for the dev team.
- Project and team management with Scrum and Kanban, following Git Flow.
- Module customization and performance (OWL, QWeb, JS), integrating Odoo with Next.js, LLMs and MCP.

Sr. Technical Consultant and Odoo Implementer - GiGa Global Gold Partner **Feb 2026 - Jun 2026**

- Requirements gathering and design of Odoo implementation solutions.
- Development and customization of modules using Python, XML, OWL, and JavaScript.
- Integration with external systems, APIs, and third-party tools.
- Technical and functional support during implementation and post-implementation.

Odoo Developer / Project Manager / Team Leader - HC Sinergia **Jan 2024 - Jan 2026**

- Led a team of 3 developers as Team Leader and Project Manager, owning scope, timelines and agile coordination.
- Odoo 17 and 18 development with Python, XML, MVC, Git and Docker.
- Provided technical guidance and supported team productivity.

EDUCATION

UAI (Universidad Abierta Interamericana) - Graduate 2019 - 2025

Systems Engineering

UNNOBA (Universidad Nacional Noroeste de la Provincia de Buenos Aires) - Graduate 2019 - 2024

Systems Analyst

CERTIFICATIONS

- Odoo Programming Bootcamp: **UBIAR**
- English Certificate C1 (Advanced)
- Odoo 13 14 15 16 17 18 Technical Implementers : **UDEMY**
- Python Ultimate Guide : **UDEMY**
- Power BI: Your First Steps in Data Analysis: **UDEMY**
- Sophos MDR and Cybersecurity : **SOPHOS.**
- Laravel 9 - Create Applications and Websites with PHP 8 and MVC : **UDEMY**

TECHNICAL SKILLS

ERP and Backend:

- Odoo 13 to 20 in development, implementation, and consulting
- Python for Odoo modules
- XML, OWL, QWeb, and JavaScript for customization
- API integrations

Web Full Stack:

- Next.js, Astro, and React.js
- Tailwind CSS
- PostgreSQL
- Laravel and PHP

DevOps:

- Docker
- Linux
- GitHub/GitLab and Git Flow

Management and Methodologies:

- Scrum, Kanban, and agile work
- Project Management
- Team Leadership

Artificial Intelligence:

- Applied AI with LLM models and MCP
- Agents & team-agents
- AI-driven process automation
